For two-letter codes and other abbreviations, refer to the "Guid-
ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.(54) Title: **SPACE DIVISION SYSTEM WITH TECHNOLOGY CROSS-REFERENCE TO RELATED APPLICATIONS**

(57) Abstract: A space division system (100) is disclosed, with the space division system (100) incorporating technology. The space division system (100) is disclosed as having a space divider (102) vertically suspended from a rail system (104). The rail system (104) includes a rail (106) with a pair of hanger clips (108) releasably secured to the rail (106) and capable of being moved along a continuum of the length of the rail (106). In one embodiment, the space divider (102) includes a main body (114) consisting of an opaque fabric. Associated with the main body (114) is lighting technology including a series of LED lights (116). Arrow lights (118) may be activated in an appropriate manner for emergency or other purposes. Color changing is also provided for purposes of wayfinding, signaling occupant activities or other external or internal circumstances.
